Short Term Consultant –Human Resources

National Health Systems Resource Centre (NHSRC) is a technical support institution under the National Health Mission (NHM), Ministry of Health & Family Welfare. NHSRC works closely with the MoHFW and the States for Health Systems strengthening and supporting implementation of interventions under the NHM. Work at the NHSRC is organised around eight divisions, namely – Community Processes & Comprehensive Primary Care, Healthcare Financing, Healthcare Technology, Human Resources for Health, Knowledge Management Division, Public Health Administration, Quality and Patient Safety and Information Technology division.

Since its inception in 2006, NHSRC has been a repository of knowledge and a centre of excellence for its agenda. This organization has professional linkages with a plethora of domestic and international bodies involved in the field of Public Health. There have been a number of personnel who have served with NHSRC and gained invaluable experience enabling them to graduate to next rung of professional ladder. Vast exposure to Union Ministry of Health and Family Welfare and its processes and State Health Department is a unique feature of NHSRC.

If you have a commitment to health equity and excellence, here is a unique chance to work with a team committed to shaping the public health landscape in India. The position offers you an opportunity to participate in the process of strengthening health systems, improving health service delivery and enabling positive health outcomes, through hands on implementation assistance at National, State and District levels. Working with a transdisciplinary team, you can discover, adapt, co-create and disseminate solutions to multiple challenges related to service delivery systems, universal primary health care, human resources for health, community processes, health financing, quality of care and patient safety, public health planning and health promotion. This is an opportunity to support health systems strengthening at scale, learn from district and sub district implementation, undertake knowledge translation, and enable realization of the vision of universal health coverage.
