

**Terms of Reference**  
**Consultant-Public Health Planning & Evidence**  
**(RRC-NE)**

Name of Division	Public Health Planning & Evidence, RRCNE
Reporting to	Director, RRC-NE, Guwahati, Assam
Name of Position	Consultant, Public Health Planning & Evidence
Number of position	One (Number of position may increase)
Location	RRCNE, Guwahati

NHSRC is seeking applications from eligible candidates for One position of Consultant, Public Health Planning & Evidence (Number of position may increase) for its branch office – Regional Resource Centre for North Eastern States (RRC-NE) at Guwahati, Assam.

**1) Background**

National Health Mission (NHM) is the umbrella programme of the Ministry of Health and Family Welfare, Government of India to ensure provisioning of universal health coverage for providing access to equitable, affordable and quality health care services which is accountable and at the same time responsive to the needs of the people. The Mission also aim for reduction of children and maternal mortality as well as population stabilization, gender and demographic balance.

National Health Systems Resource Centre (NHSRC) is a technical support organisation under the National Health Mission, Ministry of Health & Family Welfare. NHSRC channelizes required technical assistance for the MoHFW and the States for various tasks. Such requirements are dynamic in nature. For meeting the specific needs of eight NE States, Regional Resource Centre – NE (RRC-NE) at Guwahati functions as branch office of NHSRC. The team at RRC-NE is headed by the Director with technical teams for each area.

Work at the NHSRC/RRC-NE is organised around seven divisions, namely – Community Processes & Comprehensive Primary Care, Healthcare Financing, Healthcare Technology, Human Resources for Health, Public Health Planning, Public Health Administration and Quality Improvement.

If you have a commitment to health equity and excellence, here is a unique chance to work with a team committed to shaping the public health landscape in India. The position offers you an opportunity to participate in the process of strengthening health systems, improving health service delivery and enabling positive health outcomes, through hands on implementation assistance at national, state and district levels. Working with a trans-disciplinary team, you can discover, adapt, co-create and disseminate solutions to multiple challenges related to service delivery systems, universal primary health care, human resources for health, community processes, health financing, quality of care, public health planning and health promotion. This is an opportunity to support health systems strengthening at scale, learn from district and sub district implementation, undertake knowledge translation, and enable realization of the vision of universal health coverage.

**2) Objective**

As Consultant, Public Health Planning & Evidence at regional level, the overall objective is to provide requisite technical support to build capacity for programme management in public health at the States and Districts level for implementation of NHM activities by the Eight (8) North Eastern States of India.

### 3) Scope of Work
